

Insert pcMobile License Key

1. Unzip the **LicenseFile.zip** from pcDOWNLOADS folder, copy the file **license.bin** to the installation directory for pcMobile (the directory where **zenith.properties** file is located, default C:\Program Files\pcMobile\)
2. Start pcMobile's service by right clicking on pcMobile → "Start".
3. Right click on pcMobile service → Property → Startup type: → Choose "Automatic" → OK

4. The installation is done. Please feel free to browse to pcMobile.
